1 Cor. 14.1-25

Focus: challenging us to consider how we can encourage and strengthen others when the church gathers for worship above our own personal edification.

Read 14.1-25. What has been your experience with speaking in tongues and prophecy in worship?

How would you summarize Paul's main point about the church gathered for worship from this passage? and how should that shape the way you get ready and participate in worship?

In what way are you tempted to attend "mechurch"? How can you protect against that?

What can you learn about the impact of church on unbelievers (vv. 23-25)? and how should this affect you inviting your unchurched friends to NW?

Optional discussion: How can NW better facilitate more participation by the body in worship with speaking gifts that build each other up?
